✓ Fully Welded Aluminum Superstructure

ROOF

✓ Full Walk On, Bonded Roof Truss System

CABINETS

✓ Wall & Ceiling Mounted, Face Frame Construction

INSULATION

✓ A True 4 Season Coach

Our Commitment to
QUALITY
STRENGTH
DURABILITY

When you purchase a Nash, you are investing in the best quality materials, construction and craftsmanship. That is why the resale value in a Nash remains higher, and your investment retains its value longer. If you ever decide to trade in your Nash, you will get top dollar. That is why you don't see many used Nash trailers on the market, folks buy them up as quickly as they become available because Nash trailers have a reputation for durability and longevity.

SOLID CORE ANCHOR BLOCKING UTILIZING EVERY THREAD

At all critical anchor points, we include solid fill anchor blocking so all the threads of the fasteners anchor securely and completely.

RESIDENTIAL QUALITY CUSTOM BUILT CABINERY

Our cabinetry is built w/solid wood doors, built with residential face frame construction methods. Drawers slide effortlessly on heavy gauge roller bearing drawer glides.

ELECTRICAL FEATURES LED LIGHTS & SURGE TESTS

You will find energy efficient LED lighting both inside and out. Additionally, our 110V systems are surge tested multiple times with 1080 volts and the 12V systems are surge tested with 600 volts.

THICK WALL ALUMINUM FRAME

ALUMINUM SUPERSTRUCTURE

Aircraft Grade Tubing Up to 1/8" Thick .125"-.060" Thick frame with fully welded heavy gauge, thick wall aluminum tubing.

ALL CONDITIONS

4 SEASON COACH

ALL CONDITIONS/FOUR SEASONS

Cozy camping in the Nash 25C 4-Season Trailer. When it was time for an upgrade for the Allan family of Calgary, they didn't hesitate to upgrade to Northwood's biggest bunkhouse trailer, the Nash 29S. Submitted by: The Allan Family

QUALITY CONSTRUCTION CAN BE A LIFE SAVER!

This picture was sent in to Northwood by a repeat customer who lived in her 17K near Portland, OR. Due to excessive snow load, this tree uprooted and landed on her trailer while she was asleep inside!!!

Fortunately, we build Nash Trailers with 16" on center, select quality studs and quality plywood (instead of OSB board and 24" OC framing). If this had been a lesser quality trailer, it could have turned out much worse!!! Fonda said she was so impressed with Northwood quality that she just bought a brand new 2019 Arctic Fox 22G."

Submitted by: Fonda W.

Memorial day weekend in Central Oregon. Maiden voyage in our new 24M. Same Northwood quality as our 22H was, but with extra space for the kids.
Submitted by: Andy Suing

We absolutely love our Nash! This is our second travel trailer (first one being another brand) and switching to Northwood made everything about camping in Montana more enjoyable! Your company is Awesome keep up the good work!
Submitted by: Steven Thompson

We just purchased a new 2018 Nash 26N. Like the Johnny Horton song says "North to Alaska" we brought it home from WA to AK. This trailer is exactly what we were looking for. We bought it sight unseen and absolutely love it!
Submitted by: Eric Lucas

Thought I would send in a pic of my 2015 17k after an early snowstorm in McLean Creek Alberta. Trailer performed great as usual.
